

Adhesives

Adhesives

Brodies supply a wide range of adhesives for a variety of theatrical and other applications.

See next page for Emulsion Glaze, Rabbit Skin Glue, and Concentrated Size that also have adhesive properties but are grouped for consistency with our Adhesives, Gums and Resins products.

Modern Adhesives:

Evo-Stik Contact 528

A general purpose one part contact adhesive suitable for bonding laminates, wallboards, plywood and hardboard panels, and leather goods.

Araldite Rapid

Araldite instant clear - syringe pack. A very strong, long lasting, solvent free adhesive which is water resistant and can be painted or sanded. Suitable for most plastics, fabrics, wood, glass, metals and masonry.

Bostik All Purpose

Excellent all purpose clear glue that bonds in minutes

Evo-Stik Wood Resin

Widely used for the assembly of framework, mortise and tenon. Dowel, plain or lapped joints. Suitable for bonding wood veneers and laminated plastics to wood or chipboard.

Copydex

Copydex adhesive can be used for repairing carpets, matting, clothing, upholstery and many other fabrics as well as general home use.

Beeswax Pellets - Bleached			French Chalk			Adhesives, Gums & Resins Brodies supply a wide range of adhesives, gums and resins. Pure Rosin Sticky natural resin for point shoes and dance floors. Gum Arabic Natural water soluble resin used for binding watercolour paint etc. Damar Crystals Natural resin used for making dammar picture varnish. Fullers Earth Sterilised clay used for theatrical dust effects etc. Whiting English calcium carbonate used for gesso etc. French Chalk French precipitated chalk. Extra fine. Marble Dust Powdered marble for adding tooth and body to oil paint Plaster of Paris Dental quality plaster for casting and other similar applications. Emulsion Glaze Emulsion glaze is a water-based, non-toxic medium that can be used to make paint from powdered pigment, UV pigment and bronze powders. Made from a polyvinyl acetate base, this glaze produces a mat paint film when mixed with pigment. A dilute solution of emulsion glaze can be used as a size to seal porous surfaces, and it has excellent adhesive properties when used at full strength. Rabbit Skin Glue Rabbit skin glue is a good quality hide glue used for sizing. This product forms a traditional part of recipes for preparing canvases for oil priming and making gesso. As a binder for pigment it makes distemper, often used as scenic paint. Concentrated Size Animal glue suitable for scenic use as size for pigment. Pearl Glue Traditional animal glue. Vandyke Crystals Water soluble brown dye used for staining wood etc.
